About the College

Everyone has an idea, something which they can look forward to, of which they may dream, and for which they may strive Competence, Compassion, and Character. These are the fundamental values that fuels St. Xavier's College, Jaipur.

Our college is a house of modernity and acceptance. St. Xavier's College, Jaipur is distinguished by a singular, intensive core curriculum that provides all the benefits. Xavier's has always supported academic goals and has given its students a compatible and stimulating physical and social environment. It is a place that offers a community in which one can thrive and achieve great heights, appropriate for your preparation and aptitude. It provides the total and harmonious development of the individual.

St. Xavier's College, Jaipur is a place where students have close contact with prize-winning and path-breaking faculty, a comprehensive advising system, and a community where individuals can interact with their peers in a deep, meaningful way both inside and outside the classrooms. The academic programs are supported by well-experienced and dedicated faculty, which is committed to equipping the student with the knowledge and skills needed to succeed in today's rapidly changing world. Xavier's is a place where students are free to explore their potential.

DEPARTMENT OF COMPUTER SCIENCE

ABOUT THE DEPARTMENT

" We aim to produce well-rounded individuals who can make a difference in society."

The Department of Computer Science of St. Xavier's College, Jaipur is a pro efficient branch, that offers technical and professional competency to students and aids in inculcating moral and ethical values. We the department of computer science aim to prepare young minds for the challenging opportunities in the IT industry with a global awareness rooted in the Indian soil, nourished, and supported by experts in the field. The Department provides a platform to work on core concepts blended with latest technologies. The vision of the department is to enable excellence in the world of computer science and information technology and instil research motivation among the candidates of the department. The Department is guided to enrich the learning patterns, entrepreneurial orientation and improvise the problem-solving strategies. This also aims at providing a preliminary yet inclusive view of established and emerging IT areas in diverse scientific fields with an application-oriented approach to create technically knowledgeable. The Department of Computer Science is blessed with the guidance and cooperation of the faculty members is one of the attracting features of the department, which enlivens the students to stretch their wings, so that they can fly higher than their dreams with the growing technology of this era.

"We are committed to nurturing the best and brightest minds since 2010".

About Tech-X Club

The Cell organizes valuable seminars, webinars, workshops, conferences, and other events throughout the year. The TECH-X Club members hope to raise public awareness about the use of technology while advancing their education. When a person is a part of a group, they are aware of their identity, interests, and goals. The students can exhibit their adaptability, organizational skills, ability to work in teams, leadership abilities, and service-oriented thinking. Communication opportunities are being created among Club members, which is beneficial because it encourages the expansion of their activities. The objective of the club is to bring forth student's excellence in technology and new media industries, to build a vibrant community of people with interest in high-tech and new media, to provide networking opportunities. The club takes up the responsibility and supports the conduction of seminars, workshops, events, and training programs throughout the year.

Annual Tech Fest

"TECHNOID"

"At the crossroads of Human X Machina, insight meets innovation."

Step into the frontier of HUMAN X MACHINA, an exploration of the limitless possibilities that emerge when human creativity intertwines with AI's analytical prowess. This event dives into the unique synergy that forms when human intuition meets the logical precision of artificial intelligence, driving innovation and discovery across fields.

The Computer Science Department, aims to explore the intersection of human capabilities and machine intelligence, showcasing innovations, research, and discussions that highlight the synergy between humans and technology. Participants will engage in various activities, including workshops, academic events, workshops, and panel discussions followed by competitive events, games, and networking opportunities.

The event features a variety of activities including a Cyber Security Panel Discussion, a Technologies Session on Drones, Tech-Trivia (a technology quiz), Tech Tank (the flagship event), Crafted Canvas (poster making), and Techwalk (a fashion show).

Participants are required to pre-register for the event on the [Technoid website](#) to present their most innovative ideas. Notably, cash prizes await the winners and runners-up of tagged events, aiming to inspire excellence. Our primary goal is to cultivate a profound understanding of technology and ignite a passion for tech prodigies among students. Make sure to save the date and be part of this year's annual IT fest, scheduled for November 29th and 30th .

Join us for HUMAN X MACHINA—a celebration of the fusion of thought and technology, where imagination meets machine and the future of innovation is redefined.

CODESMASH

“Defects wither , code evolves and champions prevail”

Programmers aren't just thinkers—they're doers. They break down problems, write the code, and debug the system. Logic Unleashed challenges you to test your technical thinking, analytical skills, and ability to troubleshoot. Dive into this exciting event, “CODESMASH” where you'll face coding puzzles that only the sharpest minds can crack. The stage is set for you to fix the system and prove your programming right. This isn't just about writing code—it's about revolutionizing the way we think, debug, and solve problems. With every line you write, you're merging intuition with cutting-edge technology.

GENERAL RULES:

- Internet access will not be provided.
- Cell phones are strictly prohibited.
- Any participant who breaks the rules will be directly eliminated.
- The decision of the judges will be final.

Students can choose any one of the following languages:

- 1.C
- 2.C++
- 3.Python

TECH TRIVIA

“Get ready to test your tech knowledge at Tech Trivia! Join us for a fast-paced evening filled with challenging questions, surprising facts, and exciting prizes. Bring your Agame and your smartest friends—who will rise to the top as tech trivia champions?”

Quizzes often blend learning and play in the most exciting way. Each round brings a new twist, a new chance to score points, and, of course, a new moment to cheer or groan over the results. And there's more than knowledge on the line—it's the thrill of friendly competition, the joy of guessing right, and the satisfaction of learning something unexpected.

GENERAL RULES:

- A total of 30 questions will be asked from the participants.
- The time limit for answering each question is 10 seconds for 1st and 2nd rounds. The time limit for answering each question is 15 seconds for the 3rd round.
- For each correct answer, participants will be awarded with:
 - a. 5 points in round 1
 - b. 10 points in round 2
 - c. 20 points in round 3
- There is no elimination round, the participant with the highest point will be the event winner.

Round 1: Test Your Knowledge (15 Questions)

- The technology quiz questions will test how much you know about computers.
- For each correct answer, participants will be awarded 5 points.
- The time limit for answering each question is 10 seconds.

Round 2: Emoji in Tech (10 QUESTIONS)

- The participants will be given riddles based on emoji and they will be given 10 seconds to crack the mysteries.
- For each correct answer, participants will be awarded 10 points.
- The time limit for answering each question is 10 seconds.
-

Round 3: Cinematic AI (5 QUESTIONS)

- Each question will take you on a journey through classic and contemporary movies that explore artificial intelligence!
- For each correct answer, participants earn 20 points.
- The time limit for each question remains 15 seconds.

TECH TANK (TECH SHARK TANK)

"Think big, pitch smart, and engineer the extraordinary"

At TECHNOID '24, TECH TANK brought tech innovators face-to-face with expert judges to pitch groundbreaking ideas that fuse human potential with machine intelligence. This fastpaced competition spotlighted the most promising solutions, inspiring new ways to shape the future through technology.

GENERAL RULES:

1. Pitch Requirement: Each participant must pitch their tech idea to the judging panel, specifying the amount of investment they seek.
2. Time Limit: Participants will have a maximum of 10 minutes to present their idea.
3. Presentation Format: Presentations may include a prototype, a PowerPoint presentation (PPT), or a combination of both to best demonstrate the concept.
4. Idea Scope: Pitches should cover all relevant details, including the idea's purpose, market potential, technological scope, and anticipated impact.
5. Winning Criteria: The participant who secures the highest investment amount from the panel will be declared the winner.
6. Awards: The winner will be honored at the TECHNOID '24 Closing Ceremony with a special award for innovation and vision.

TREASURE HUNT

"Seek the unknown, find the treasure within."

Embark on an epic adventure with our Treasure Hunt at Technoid 2024! Form your team of 4-5 members and get ready to race against the clock, solving clues and uncovering secrets through four uniquely thrilling rounds. Each round eliminates the last team to crack the clues, so stay sharp and be quick!

GUIDELINES:

- Participation is open to individuals or teams of 4-5 members.
- Each team will be designated with one volunteer to supervise during each round.
- Fair play is essential; any team found engaging in cheating activities will face disqualification.
- There will be four exciting rounds Unique from each other, One Clue will Lead to Another and the team that finds the clue's last in each round, will be eliminated.
- Time is of the essence! All rounds of the hunt must be concluded within a 40-minute time frame.
- Phones and electronic devices are strictly prohibited during the game.
- Join us for an adventure through the ages as we unlock hidden treasures and make unforgettable memories!

TECH WALK

"Where tech meets fashion, and the runway meets the real world."

Get ready to immerse yourself in Human X Machina—where human thought converges with AI logic at the Tech-Walk Fashion Show! This show is a groundbreaking fusion of futuristic designs and AI-inspired aesthetics that will spark your imagination. Experience where fashion and technology meet in a spectacle of innovation and style.

Tech-Walk provides a platform for you to unleash your artistry in the spirit of 'Creativity is having fun with intelligence.' So grab your makeup brushes and palettes, ready to bring your unique visions to life. Move beyond the technical and explore the dynamic harmony of human intuition with machine precision.

This isn't just fashion—it's the future. Join us as we redefine the boundaries of style in Human X Machina!"

GENERAL RULES:

Round 1: Ramp Walk

Participants will be judged on the basis of:

- Walk
- Makeup
- Expression
- Attire

AI VERSE LEAGUE (LAN GAMING)

"Human creativity collides with AI logic in a world of infinite possibilities. Think fast, play smarter."

Step into the future of gaming at this epic AI verse league gaming event, where human intuition battles machine precision. Compete in thrilling games, test your wits against cuttingedge machine intelligence, and experience a whole new level of gameplay. Will your creativity outsmart the machine? Join us and find out!

FIFA RULES

1. Player has to be present in the college on the day of the event.
2. The game will be played on PS5.
3. The matches will be 1v1 knockout
4. You are allowed to select any team of your choice from the options available (except all star teams like Adidas All-star or World Star XI).
5. Opponents can play with similar teams with different jersey colours.
6. In case of a tie, the game will be resumed with a penalty shoot.
7. The general settings of the match will be set by the organisers
8. The full-time length of the game in Round 1 will be 4 minutes and a minute will be added on with succeeding rounds.
9. The game will be played in legendary level difficulty.

- Team captains of each team will have to choose maps and sides as described:

BO 1:

- A toss will be conducted. The winning team gets the chance to ban the first map from the map pool then the other team bans a map from the map pool.
- Until left with the single map
- The toss will be conducted for (Attackers/Defenders) to start on.

BO 2:

- A toss will be conducted. The winning team gets the chance to ban the first map from the map pool then the other team bans a map from the map pool.
- The first team gets to pick the first map and the opponent gets to pick their side (Attacking/Defending).
- The side on the final map will be decided through a toss.
- Team Captain is requested to record this process.
- After map selection team captains have to write that their team is ready in the lobby chat. The game should not start before that.
- The match has to start at the latest 15 minutes after the tournament round starts. Before starting team captains have to take a screenshot of the lobby.

ST. XAVIER'S COLLEGE JAIPUR

DEPARTMENT OF COMPUTER SCIENCE

2.2. During the Match:

- If one of the teams will not pick all the agents in the character selection screen and the game goes back to the lobby, the game has to be remade.
- In the case that the game started before writing ready from both sides, the team which did not write ready has the right to call a remake before round 1 of the game starts. (Before the countdown in the game of round 1 reaches 0).
- If any of the players are not connected to the game before the counter reaches 0, the team can call a remake and the game has to be remade.
- If the game started on the wrong map, the game has to be remade.
- To do the remake, all the players have to leave the match. Start the next game as soon as possible. Both team captains will have to write ready again. If the team is not ready by 5 minutes after the remake, the team which is not ready will be disqualified. The game can be remade only once, the game has to be played in the way it started after the remake, even if issues will occur. The situation can still be reported in #tournamentsupport.
- If a player disconnects during the game, the match will be paused and the player will have 1 minute time to rejoin.
- Each team will have 2 strategic timeouts- 1 timeout for 1 half of the match. If any team call for more than 1 timeout in a single half then that team is liable to punishment decided by the event coordinators.

ST. XAVIER'S COLLEGE JAIPUR

DEPARTMENT OF COMPUTER SCIENCE

- If the servers are acting badly for both teams or the game goes down, please report it to us in #tournament-support. Event coordinators are not responsible for any game lag (frame drops, game lag, network issues, etc...) during the match

2.3.After the Match:

- Once the match finishes, both team captains have to take a screenshot of the results and post it in the #tournament-results on the Event Discord Server.
- On the game result screenshot, results above the scoreboard, all the players and information of the match on the right of the results have to be visible.
- If one of the teams will not send the screenshot within 15 minutes of the match ending, screenshot which was sent by the other team will be taken into account.
- If the screenshots of both teams are missing within 15 minutes of the match end, the game will not be counted and in the case of BO1, both teams will be disqualified.
- If the screenshots from both teams are not matching, the situation will be looked into by the AI Verse League admin team. The team which provided the incorrect screenshot can be disqualified or banned based on the circumstances.

Fun Event

Box Cricket

"Hit hard, play smart, and conquer the box! Join the Box Cricket showdown at Technoid 2024!"

Get ready for an electrifying game of Box Cricket at Technoid 2024! In this thrilling 5-a-side format, each team has just 5 overs to score big, with only strategic singles, doubles, and grounded fours allowed. But beware – if you clear the boundary for a six, you're out! Precision is key, and with limited overs for each bowler, every ball counts. Standard cricket rules apply, but with exciting twists that keep everyone on their toes. Whether you're a bowler, batsman, or fielder, it's all about quick thinking and teamwork. Will your team score enough to clinch victory?

General Rules:

1. Team Composition

- Each team consists of exactly 5 players.

2. Overs per Innings

- Each team has a maximum of 5 overs (30 balls) to bat.

3. Bowling Restrictions

- Only one player is allowed to bowl a maximum of 2 overs.
- The other three bowlers are allowed to bowl only 1 over each.

37

ST. XAVIER'S COLLEGE JAIPUR

ISO 14001:2015 Certified Institution

DEPARTMENT OF COMPUTER SCIENCE

4. Scoring Boundaries

- Batsmen can score only singles (1 run), doubles (2 runs), and fours (4 runs).
- Fours are allowed; the ball must touch the ground before reaching the boundary.

5. Six is Out

- Hitting a six (clearing the boundary directly) results in the batsman being declared out immediately.

6. Types of Runs Allowed

- Only singles, doubles, and fours are counted as runs. There is no restriction on running between the wickets for singles or doubles, but no more than two runs per ball unless it's a boundary (four).

7. Standard Dismissals Apply

- All usual forms of dismissals (bowled, caught, run-out, stumped, LBW, etc.) are applicable in addition to the "six as out" rule.

8. Extras

- Wide balls and no-balls result in one extra run, along with an extra delivery. Regular no-ball rules apply, with no-balls also leading to a free hit.

9. Player Retirement and Substitution

- If a batsman is injured or retires out, he cannot return to bat later in the innings. Substitutes can field but cannot bat, bowl, or keep wicket.
